

Press Release

ECPAT Child Alert
15 November 2010

Every long journey starts out with a first step...

Today Kate Medicott and Tim Geaney tucked with a good breakfast and started out on their five million step epic journey from Bluff to Cape Reinga.

With youth/enthusiasm and a genuine concern for the welfare of children Kate and Tim hope to draw attention to protecting children from sexual exploitation.

Alan Bell, Director of ECPAT Child Alert commends the efforts of Kate and Tim on their 82 days marathon and hopes New Zealanders will get out and support them...
